

Fig. 1

Diagram illustrating a table structure (200) with two columns: Thermal Sense Resistance(Ohms) (202A) and Bit Values (202B). The table lists resistance values and corresponding bit values. A label 204 points to the first three rows of the table.

Thermal Sense Resistance(Ohms)	Bit Values
not blown	0000000
178	0000001
179	0000010
180	0000011
181	0000100
182	0000101
183	0000110
184	0000111
185	0001000
Etc...	Etc...
